

6. The following rules apply to entry to Lake Tanglewood by construction personnel: a. For construction personnel who work at a Member's Lot for seven days or fewer, the Member must provide the gate guard with the name of the construction company or personnel, including subcontractors and workers, the start date, and the expected end date for the work being done. b. For construction personnel working at a Member's Lot for more than seven days, the Member must provide the gate guard with the name(s) of the construction company or personnel, including subcontractors and workers, the start date, and the expected end date for the work being done. The list must be updated every 30 days. If the work takes longer than 30 days, the Member must provide the gate guard with an updated list on or before the 30th day after the date the Member provided the previous list. The Member may update the list an unlimited number of times. Each time the Member provides an updated list, the Member must include any and all subcontractors or workers who have completed their part of the work on the Member's Lot. c. Subcontractors working on projects in Lake Tanglewood must furnish to the gate guard a weekly list of subcontractors and workers. d. Construction personnel must be on a current list provided by a Member in order to be admitted through the gate. Construction personnel must sign in at the gate each time they enter Lake Tanglewood and not previously signed in on the same day. Construction personnel will only be admitted on weekdays during regular working hours of 7:45 a.m.- 6:00 p.m.. They will not be allowed to enter on weekends unless authorized by the Member for whom the work is being done.
