Likewise, if an entity is the Owner of a Lot, the entity must designate one Person as its designated representative to be the Member. A spouse of a Member shall be treated as having a full Membership with all of the rights and obligations that a Member has under these Rules and Regulations so long as the spouse is included on the Application for Membership described in Section I.B. below.

### B. APPLICATION FOR MEMBERSHIP

1. Application for Membership or the transfer of a Membership shall be made in writing using the *Standard Application Form for Transfer of Property and Membership* (“Application for Membership”) and shall be submitted, along with the Transfer Fee, to the Club at the Club office. The Application for Membership shall contain, in addition to any data require LSIOT, Inc. , a clause in substantially the same or similar form as follows:

*Applicant, and Applicant’s spouse or domestic partner, if applicable, acknowledge receipt of and have read a copy of the Bylaws of LSIOT, Inc. and the Lake Tanglewood Club Rules and Regulations. In consideration of Applicant’s admittance to Membership, Applicant, and Applicant’s spouse or domestic partner, if applicable, agree to be bound by such Bylaws and Rules and Regulations and those hereafter adopted as constituting the terms of the agreement between LSIOT, Inc. and Applicant and Applicant’s spouse or domestic partner, if applicable.*

2. The Club may complete credit and background checks on all prospective Members who have submitted an Application for Membership before such application is approved.

3. Transfers shall not be approved unless the Transfer Fee is submitted with the other required documents and the prospective new Member, and his or her spouse or Domestic Partner, if applicable, attend Orientation.

### C. SALES AND TRANSFERS OF PROPERTY AND MEMBERSHIPS

1. A Transfer Fee shall be charged for all transfers of Membership in accordance with the Fee List. However, the Board or it’s designated representative (GM) shall have the discretion to not charge a Transfer Fee in cases where the transfer is not a sale (e.g., a property division based on a divorce decree, inheriting a Lot, etc.).

2. All obligations owed by a Member to the Club, including, but not limited to, regular a, Special Assessments, Fees, and fines, must be paid current by a Member before such Member’s request to transfer a Membership will be approved.

3. A Member may sell a portion of his Lot to a Member who owns an adjacent Lot without paying a Transfer Fee as long as there is no transfer of the Membership. Any partial transfer of a Lot shall be for the purpose of settling boundary disputes and/or to add additional property to one Membership without creating a new building site for an additional home. Such a transaction shall require new property surveys for both property owners by a registered surveyor. This provision is not intended to allow splitting Memberships to create new Memberships. It is intended to allow partial transfers of property so long as no new Memberships are created.

4. In order for the Club to consider approval of transactions, all the following must be submitted at least ten business days prior to the property closing.

6. Regular Assessments start as of the closing date.

7. When any Member applies for the purchase of a small strip of land that belongs to the Club, all other Members with Lots immediately adjacent to such small strip of land must be notified of the request and given the opportunity to make an offer to purchase such strip of land. If the adjacent Member does not want to purchase the strip of land, he must sign a statement to that effect. The Board may require a survey of the property in question, at the expense of the Member who applied for the purchase of such property. The Board determines

the minimum purchase price, and shall include such price in the notice to adjacent Members for their consideration prior to any sale. A Membership is not included in any such sale.
